TRANSFER CLOCK HOURS/CREDIT taken in other Educational Institutions

Puerto Rico Advance Institute convalidates those courses taken at other Institutions as long as they are equivalent in credits/hours, duration and content to the courses offered by our Institution. You must also have completed the course with a 70% "C" average or higher. It is recommended to convalidate the theoretical classes. Puerto Rico Advance Institute can convalidate up to 25% of the total credits/hours of a program by transfer from another Institution, obtained no more than two years.

Required documents:

- 1) Original credit transcript from an accredited Institution.
- 2) Catalog (if necessary)

Procedure to follow to request credit convalidation.

- 1) Complete a convalidation application during your registration process, before starting your Study Program.
- 2) The prospectus must request from the institution of origin an official transcript of credits of the classes to be convalidated. This official transcript must be sent from Institution to Institution (pradvance@prai2010.com). A student copy may be used for evaluation. However, final and official validation will be subject to receipt of the official transcript.
- 3) The application along with the transcript will be evaluated by the Registrar and Director, taking into consideration the grade obtained by the student and the time in which the student took the class to be validated.
- 4) The student will be interviewed to guide him or her on the advantage or disadvantage of class validation, related to costs and knowledge that could be acquired.
- 5) Prai reserves the right to accept or not the convalidation request from other accredited institutions. The student will be informed in writing of the decision made.
- 6) The student can appeal the decision made, if he does not agree. He or she has the right to file an appeal at the Registrar's office.

Convalidate classes will not be taken into consideration to determine the student's overall average and will be reflected in the academic record as validated. For the calculation of the general average (GPA), only those classes of the academic program that have not been validated will be taken into consideration. A prorated reduction will be made in the cost of the program.

The Institution does not sponsor the validation of hours/credit through Industry exams and/or work experiences. Furthermore, the Institution does not have validation agreements with any other post-secondary educational institution.

Appeal Process for Denial of Credit/Clock Hours Convalidation

If the validation of credits requested by the student is denied, the student has the right to appeal this decision. The student will appeal to an official from the Admissions Office who will arrange an interview with the Registrar and discuss the reason for this denial and whether there is a possibility that the decision will be reconsidered.

DEFINITION OF CLOCK HOUR / CREDIT HOUR

Conversions from clock hours to credit hours are only permitted for programs of study that meet at least fifteen weeks for semester credit hour programs. One contact hour lasts for 50 minutes during a 60-minute hour. The institutional policy is to provide ten (10) minutes of rest after each fifty (50) minutes of class and twenty (20) minutes of rest after one hundred (100) minutes of class.

Clock to Credit Hour

15 Clock Hour Theory	= 1 Credit
30 Clock Hour Supervised Lab	= 1 Credit
45 Clock Hour Externship	= 1 Credit

GRADING SYSTEM

The following factors will be evaluated to decide the academic progress of the student. Theoretical works (text, assignments, projected, etcetera.) and practical evaluations. Both criteria are evaluated to the following scale:

VALUE	GRADE	POINTS OF HONOR	INTERVALS
100 – 90	A – EXCELLENT	4.00	4.00-3.50
89-80	B – GOOD	3.00	3.49-2.50
79-70	C – SATISFACTORY	2.00	2.49-1.50
69-60	D – DEFICIENCY	1.00	1.49-1.00
59-0	F – FAILURE	0.00	0.99-0.00

The students must maintain an academic average of C (2.00) or better and accumulate a quantity of notes in agreement with the quantity of evaluations in the program of study.

The correct and complete use of these reports serves to evaluate with objectivity the practical execution of the student. In addition, the academic register can show other annotations, just as:

W/WA	WITHDRAW	IT DOES NOT CALCULATE
V	CONVALIDATION	IT DOES NOT CALCULATE

ATTENDANCE POLICY

According to the schedule established by the school, class attendance is mandatory. It is the student's responsibility to complete the assigned work during their absence. The teacher is obliged to inform the Student Affairs Coordinator, no later than every Thursday, of those students who have been absent without justification in order to have adequate guidance and not be affected by their academic progress.

As a post-secondary educational institution, PRAI expects students to come to class as established in their class schedule and at the specified time.

MINIMUM STANDARD

In order for a student to complete or graduate from a program, the student must have a minimum of 80% attendance. This attendance is accumulated daily and in the first evaluation the calculation of the percentage attended by the student is made (example. The student attended 426 hours out of 450 hours, then the following operation is carried out: $426/450 = 95\%$. 80% of Attendance is an absolute requirement. In case of absences, the student will be responsible for the material delivered in class.

FOLLOW-UP

The faculty will take daily attendance and maintain an attendance record for all students. Attendance is monitored in each class by teachers using a form provided by the institution (Attendance Record). The faculty will report daily attendance for all students and the registrar's office will enter that information into the student's record. Teachers will also inform all students who do not attend class or have never attended. Cumulative attendance information is monitored each grading period and those students with an attendance record of less than 80% are informed in writing, they will sign the advisory letter titled Attendance Commitment, which also warns them that failure to comply with the requirement will result in a administrative leave. Attendance at the external practice is tracked through attendance sheets that must be certified by the site supervisor and the practice coordinator.

TARDINESS AND EARLY DEPARTURE

PRAI expects students to arrive to class on time. When the student arrive late to class, not only do they lose the material that has been presented, but their interrupt both the teacher and your classmates. When a student arrives late or leaves early, the teacher must record the tardy or early dismissal on the attendance record. The time incurred in tardiness or early departure will be deducted from the class time, rounded up to the nearest quarter hour.

ACCEPTABLE (EXCUSED) ABSENCES

The Institution considers excused absences:

- Illness of the student
- Serious illness or death of an immediate family member,
- Circumstances beyond the control of the student, and
- Overtime at work or training hours during a predetermined period
- Appointment of a court or government agency

The above is NOT a waiver for the student to meet the minimum 80% attendance requirement for graduation. Remember, 80% attendance is an absolute requirement; even when there are absences that may be excused, cumulative attendance for graduation can never fall below 80%. All students who are absent from class must present evidence that will be evaluated by the authorized representative of the school. Absences considered due to circumstances beyond the control of the student will be individually evaluated by the Coordinator of Student Affairs and it will be determined if it is justifiable enough to assign make-up work.

CONSECUTIVE ABSENCES

A student who is absent for fourteen (14) consecutive academic days without justification will be processed with an administrative withdrawal.

CONSEQUENCES OF NOT MEETING THE ATTENDANCE REQUIREMENT

Since cumulative attendance is monitored at the end of each grading period, an advisory letter titled Attendance Commitment will be issued to any student with an attendance percentage below 80%. In the event that a student does not meet the minimum 80% required, they will enter an orientation process, and will sign an Attendance Commitment with a specific plan that will be periodically monitored by the Student Affairs Coordinator. After exhausting all reasonable efforts, if the student does not meet the minimum attendance requirement, an administrative withdrawal will be processed. If the Registrar

determines that a student has no realistic chance of meeting the cumulative requirement of 80% attendance upon completion of the program, this will be communicated to the student in writing because it may be an administrative withdrawal. The student is given in their first evaluation, a document called “Attendance Record”, where their hours attended per month are recorded. This document indicates whether he/she made academic progress or not according to your percentage of hours attended and your academic average. The student signs it as received and a duplicate is filed in his or her academic record.

TERMINATIONS DUE TO POOR ATTENDANCE: Impact on Financial Aid

The Registrar’s Office will inform the Financial Aid Office of the withdrawals processed within the term required by the school -within 14 calendar days from the last day of attendance.

Exceptions: When the academic calendar includes an academic recess of five (5) school days or more, the determination date will be when the student complies with the six (6) consecutive days of absences. In case that the student notifies the Institution his/her desire of not returning to class and after counseling the student regarding the withdrawal policy, the Registrar’s Office will process the withdrawal immediately.

GRADUATION REQUIREMENT

- In order to complete or graduate from a program the student must have a minimum standard of attendance of 80%.
- Complete the total of credits in their study program with a cumulative grade point average of 2.00 or 70% (C) and must have maintained satisfactory academic progress.
- Must have filled out all the documents required by the Institution.

To receive a **DIPLOMA**, transcript, studies certification and/or any official document from our Institution, a student **must not be in financial debt with the Institution.**

MAKE-UP WORK FOR ABSENCES

The student will be entirely responsible for making up work due to legitimate absences, and this will be done through special arrangements or homework assigned by the teacher. The student will have until the next academic evaluation to compensate for the absences incurred in said period.

CHANGE OF ACADEMIC GRADE

The student that has any claim to a grade awarded will have a (1) month, from the date the report is given to the student. The grades delivered from the teacher and registered in the office of Registrar will not be able to be change or modified, except when it has an error in the grade or is a makeup work. In this case, the teacher will submit the corresponding evidence and will indicate the reason of the change of qualification to the academic coordinator, who will proceed to approve with the signature.

This document will be taken to the Registrar office for register the change.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Registrar monitors Satisfactory Academic Progress (SAP). PRAI requires that all students meet a minimum SAP requirement. To measure this capacity, we have established certain minimum parameters for each study program based on:

- The normal duration of the program.
- The maximum duration of the study program, this is 1.5 times the normal duration.
- Qualitative and cumulative satisfactory academic progress is shown by the student's grade point average.
- Quantitative of the registered academic load, showing an increase in the hours/ credits approved by the student.

The following tables establishes the minimum requirements for percentages of accrued hours/credits for each program. The programs have been divided according to the number of hours/credits required and the duration. The academic performance of each student will be evaluated cumulatively according to the standards established in these tables. An evaluation sheet will be kept in each student's file. The hours/credits of attempt are those in which the student has enrolled, although they are classified as:

W = Total Withdrawal, WA = Administrative Withdrawal or F = Failed

PRAI students must maintain a minimum cumulative grade of 80% for each payment period; if the grade falls below 80% at the end of any quarter, he/she will be placed on academic probation for the next term. If at the end of the second consecutive evaluation period the student is still below 80%, a withdrawal will be processed.

Probation Period

A student who does not meet the SAP during an academic period and his appeal is approved, will be placed on academic probation until the next evaluation and will be notified in writing. If at the end of the probation it is determined that the student did not achieve SAP or did not comply with the Academic Plan, an administrative withdrawal will be processed. If, on the contrary, upon completing the probation, the student achieves SAP and/or complies with the Academic Plan, the academic probation will be suspended; however, the student will continue with the established study plan until completing his academic program. While a student is on academic probation, they are considered to be SAP compliant.

LEAVE OF ABSENCE POLICY

This policy applies to all programs except English for Speakers of Other Languages (ESOL) programs with international students enrolled under F visas. A leave of absence is a temporary break in a student's attendance for which he/she is continuously enrolled. PRAI has chosen to have an enrollment policy that allows for a leave of absence, the policy is published in the institution's catalog/manual, and meets the following requirements:

1. Leave may be granted for emergency situations such as serious illness, debilitating injury, or death in the immediate family.
2. A student must submit a written request for leave of absence prior to the start date of the leave of absence unless unforeseen circumstances prevent it. If a student does not request a leave of absence within a time frame consistent with the institution's consecutive absence policy, it must be a withdrawal.
3. The student must sign and date the leave request and specify a reason for the leave. The reason for the institution to have a reasonable expectation of the student's return within the term of the requested leave must be identified.
4. The student must attest to understanding the procedures and implications for returning or not returning to their course of study.
5. The institution must document its approval decision regarding the leave request in accordance with its published policy.
6. The institution must not charge the student any additional charges due to the leave of absence.
7. The duration and frequency of leaves of absence must not impede student progress and must be reasonable in the context of the institution's curriculum.
8. A license must be limited to a maximum of 180 calendar days in any 12-month period or half the length of the published program, whichever is shorter. Multiple leaves of absence may be allowed if the total number of leaves does not exceed this limit. An approved leave of absence may be extended for an additional period provided the extension request meets all the above requirements and the total duration of the leave does not exceed the specified limit.
9. A leave of absence policy follows any applicable state and federal regulations. Federal or state regulations may differ from ACCET policy and, if more stringent, take precedence. For example, a leave of absence granted to international students enrolled on M1 and F-1 visas must be limited to five months, during which time the students must be outside of the United States.

Appeals Process

A student, who upon completion of the probationary period has been suspended for not complying with SAP, will have the right to appeal said determination. The student must submit the appeal in writing, a Registrar form will be provided, the appeal must be submitted to the Registrar along with documentation supporting the appeal. The appeal must be received within two (2) business days of notification. An appeal hearing will be held within three (3) business days of receipt of the appeal. The audience will be made up

of a commission created for this purpose and where the situations presented by the student will be evaluated and which may be:

1. Prolonged illness
2. Temporary physical impairment or mental condition that prevents the student from moving
3. Illness of the student and/or family member that does not allow satisfactory learning
4. Death in the family, spouse and/or guardian
5. Drastic change in the financial situation of the family
6. Divorce of parents and/or student
7. Drastic personal problems over which the student has no control

The decision will be determined in writing. If the request is approved, the student will be placed on academic probation and may continue. As part of the appeal process, the student is required to have an academic plan.

Academic Plan

A student who appeals after probation and the appeal is approved will receive an Academic Plan based on the availability of resources and must adhere to it to be eligible to graduate from the program. The student will be evaluated during each academic period by the Registrar. The Academic Plan will be prepared by the professor, and approved by the Academic Coordinator and Director.

STUDENT SUSPENSION BY THE INSTITUTION

If a student is suspended for not complying with SAP and does not appear and the appeal is denied or such, he will be suspended from the Institution, as well as if he does not comply with the Academic Plan established due to the appeal.

TRANSCRIPT AND CERTIFICATIONS

The office of the Registrar will do every three-month and distribute to each active student their academic evaluation. These documents contain the units and the hours accumulated for the student, to the date of the last evaluation. It is responsibility of the student to verify and to discuss with the teacher before the next schedule.

Also, the registrar will do a transcript or certifications if it is required in writing by the student. As long the student is up to date with the Institution, in all aspect including the financial responsibilities.

The academic transcript and/or certifications are requested in the office of Registrar by filling up the corresponding request form with two (2) days of anticipation. The certifications are free of cost. The transcriptions of credit have a value of \$2.00 the official and of \$1.00 the student copies.

PROCEDURES FOR REPORTING EMERGENCIES AND CRIMES OCCURRING WITHIN INSTITUTIONAL FACILITIES

All emergencies or crimes occurring on campus will be processed as follows:

- The employee or affected person will inform the incident to the President or an authorized officer of the Institution. If the incident involves a student, it will be notified to the Student Affairs Coordinator. These authorized officers will be responsible of notifying the concerning agencies which may include the Police Department and/or Medical Emergencies. The President and Student Affairs will maintain a registry of each incident informed.
- The following incidents should be reported to the Institution's authorized representatives: theft or damage to vehicles, muggings, assaults, peace disturbance, sexual offenses, unlawful entry into school premises, vandalism, domestic violence, sexual harassment, or any other incident that affects the normal school's operations. Any incidents related to discrimination based on religion, race, political affiliation, sex, age, disability, or any reason contrary to law, should also be reported.
- We will log all incidents reported and will publish those incidents to the student community each September.
- All students and employees must follow the security personnel instructions for their protection. The security or administrative personnel shall deny access to the Institution to persons possessing alcoholic beverages, drugs, firearms, or any other items, which violates Student Regulations. A student, who commits violations, will be referred to the school's Student Affairs for the corresponding action as established in the school policies and procedures.
- The student affair coordinator will offer lectures during the year to students and employees regarding prevention of crime, sexual offenses, and personal safety. Those who are interested may request guidance and information on those subjects.
- Unauthorized persons may not enter the Institution; the administrative staff should work in coordination with the closest headquarters of the local Police.

□ All students and employees will keep the Institution’s Anti-Drugs and Alcohol Policy in an accessible location.

POLICY PROHIBITING SEXUAL HARASSMENT

PRAI- policy and practice is to ensure equal employment opportunity to all, regardless of race, color, age, religion, sex, national origin or social condition, disability or any other veteran status, marital status, to allow and/or accept any direct or indirect conduct that constitutes sexual harassment or any other legally protected condition. The Bill of Rights of our Constitution establishes that the dignity of human beings is not to be violated, and that we are all equal before the law, while clearly stating that no discrimination may take effect for the reasons. This policy applies to all personnel of the Institution and employment practices such as recruitment, promotion, evaluation, and training, among others.

The practice of sexual harassment in the workplace and academic environment, in any of its forms, infringes on the inviolability of human beings and constitutes clear discrimination against men or women in the work environment. It interferes with people's ability to work and deprives them of the enjoyment of a full life to which all human beings have a right in equal circumstances under the law, as expressed in the constitutional mandate and it is one of the manifestations of discriminations based on sex; this includes men and women. The magnitude of this problem is of concern and interest to all since sexual harassment in the workplace and/or classroom constitutes an unacceptable offense against the dignity of all human beings.

The purpose of this policy is to provide a working environment that is free of harassment and intimidation, which will allow all employees to carry out their administrative and academic work. The presence of harassment or intimidation in the workplace is a violation of this policy and will be addressed according to the corrective measures determined by the Institution; therefore, any behavior or verbal expression, whether written or physical, of a sexual nature that could create an offensive or intimidating work environment for an employee or that interferes or could interfere with the work of an employee, is prohibited. The solicitation of sexual favors and/or sexual advances towards our employees and/or students is strictly prohibited.

Law No. 17 of April 22, 1988 (applies only to Puerto Rico) and the regulations of our Institution provide that workplace sexual harassment is constituted by solicitation of sexual favors, unwanted sexual advances or other physical or verbal conduct of a sexual content:

1. When submitting to such conduct implicitly or explicitly constitutes a condition or term for obtaining or maintaining employment or continuity as a student.
2. When submission to or rejection of such conduct is used as the basis for making employment decisions or in the student's academic evaluation.
3. When this conduct has the effect of interfering unreasonably with the performance of work (whether administrative or teaching) of the employee or creates an intimidating, hostile or offensive environment

for the employee. Sexual harassment can be expressed through sexual insinuation or indirect comments, physical contact, and even sexual aggression.

Disciplinary sanctions are applicable to employees and/or students who engage in sexual harassment, as provided in the Institutional policy on harassment at the workplace.

IN THE EVENT OF SEXUAL ASSAULT

If the event involves an employee, it must be notified to the President. If it involves a student, the incident must be notified to the Student Affairs Coordinator.

The Institution is committed to arrange medical assistance to the student and offer first aid. In addition, it will coordinate any assistance with the local Rape Victims Help Center.

STUDENT RIGHT TO KNOW POLICY

PRAI provide information to any student or prospect interested regarding the retention and graduation rates of previous programs. Pursuant to Public Law 101-542, known as the “STUDENT RIGHT TO KNOW”, will report its retention and graduation rates in January of each year.

CAMPUS SECURITY ACT POLICY

The Institution recognizes, as an institutional interest, the protection of life and safety of all its members and has developed the On-Campus Safety Policy in compliance with Federal Regulations and provisions of the “Crime Awareness and Campus Security Act”. This act requires the establishment of a policy, which allows a safe working and study environment, free of risks, acts of rape and danger. The law recognizes the right of students, potential students, and the community in general to be informed about criminal acts occurred in the Institution.

This document will be given to each candidate, student and staff member of the Institution and provides for the procedure to follow in the event of emergencies within institutional premises. It applies to students as well as to faculty, visitors and the administrative staff.

The objective of this policy is to establish a basic emergency procedure to guarantee the protection of life and property on institutional premises.

The policy covers emergencies such as:

- Murder / Negligent involuntary homicide
- Forced sexual offense (including rapes)
- Unforced sexual offense
- Robbery or theft

- Aggravated assault
- Motor vehicle theft
- Theft of vehicle accessories
- Arson
- Simple assault
- Violations of alcohol abuse laws
- Violations of controlled substance laws
- Illegal weapons possession
- Threats
- Discrimination/Crimes due to causes of discrimination based on race, religion, sexual orientation, and country of origin or others.

NON-SMOKING POLICY

The Institution prohibits the student community and the staff personnel from smoking in the Institution and in any closed spaces, such as: classrooms, laboratories, hallways, offices, the library, and restrooms; among others.

DRUG AND ALCHOOL POLICY.

PRAI is committed to maintaining an educational environment based on the promotion of healthy lifestyles and respect for the teaching-learning process. It has also established a policy regarding Drugs and Alcohol based on the Drug Free Schools and Communities Act of 1989 (Public Law 101-226 and the Internal Regulations of the United States Department of Defense).

The use, handling, and distribution of controlled substances as well as the consumption of alcohol within institutional premises will entail the sanctions stipulated in the **Regulations on the Illegal Use of Drugs and Alcohol Abuse, Faculty and Administrative Policies.**

POLICY IN COMPLIANCE WITH LAW 186

PRAI has developed a policy to comply with Puerto Rico Law 186 of September 1, 2006. This policy has the fundamental intention of maintaining in strict confidentiality the social security number of the students and prospects; the number will only appear in official documents of the Institution. For more information, please refer to the Registrar's Office.

BULLYING PREVENTION POLICY

All students have the right to feel safe in their personal and social lives. The Institution prohibits harassment, threats, and bullying among students. This behavior is classified as actions of systematic violence, psychological, physical, or sexual from the student or group of students towards their class peers who are not in position of defending themselves (Lex Juris, Law 37 from April 10, 2008).

PRAI promotes a policy free of threats and intimidation so that students can develop in a safe study environment. The Institution will work with the prevention of bullying by offering workshops through its personnel and if a complaint is filed, the Presidency or the Student Affairs Coordinator will intervene and apply the procedure established in the school policy and procedures. The Institution will also protect the documents of the students' records and academic history. The students will have a healthy student life where their rights are protected to help them achieve their academic goals; they will also have the opportunity of selecting their field of studies freely.

POLICY FOR TREATMENT OF STUDENTS WHO SUFFER FROM ASTHMA

In compliance with Law 56 of February 1, 2006, “Law for Treatment of Students who Suffer from Asthma”, recognizes the right of students who suffer from asthma or any other related condition, to administer, on their own, the prescribed medicine while at school, with their parents, tutor, and/or legal guardian’s consent in case that the student is a minor.

For an underage student to administer on his/her own the medicine for asthma treatment, a medical certification will be required which will state that the student suffers from the condition, the medicine to be used for its treatment, and that the student has been trained to administer it on his/her own. It will be the parents, tutor and/or legal guardian’s responsibility to present the updated documents so that the student can make use of this right.

Whoever interferes with the exercise of this right will incur in an administrative fault and will be exposed to a fine according to the Law. A person who acts in conformity to the Law will not incur in civil responsibility in case that a complication emerges for the use of a medicine that the student administers on his/her own.

VACCINATION POLICY

This policy applies to all students under 21 years of age who request admission to PRAI.

According to the Procedures and Regulations of the Health Department concerning the Tests for Transmitted Diseases and Students' Vaccination, it is required that all students who are admitted in PRAI until the age of 21 years, comply with the following vaccination requirements:

1. A reinforcement dose of the following vaccines: Tetanus, Diphtheria, and Acellular Pertussis (Tdap) and/or a reinforcement of Tetanus and Diphtheria (Td) within the last 10 years or according to the case.
2. Two doses of the following vaccines: Common Measles, German Measles, and Mumps (MMR).
3. Three doses of the Hepatitis B vaccine.
4. Three doses of the Polio (OPV/TPV) vaccine if the last one was administered on or after the fourth year of age.
5. Vaccine against Chicken Pox (VAR); one dose is recommended for adolescents between the ages of 11 to 18 years and complete a second dose according to the existing regulations or a signed declaration by the doctor specifying that history of having contracted the disease exists.

These vaccines must be registered in the PVAC-3 form (green paper).

Students, who for religious beliefs are not vaccinated, must present a sworn statement or a certification from the physician; nonetheless, the exemptions for religious beliefs will be null in case that an epidemic is declared by the Secretary of Health.

Books and Materials

The Institution does not provide books or materials to students. Students will be responsible for acquiring textbooks and materials. The estimated cost of books and materials can fluctuate between \$100 and \$250, depending on the program of study and the prevailing market cost.

METHOD OF COLLECTING DEFAULT TUITION

During the enrollment process, the student fills out a payment plan in which they pledge to pay, in installments, the balance not covered by any aids each term. The dates when these payments shall be made are stipulated in the payment plan. These dates have been chosen in such a way that the student can meet his/her financial obligation one month before the end of the academic term. This is done so that the student has no debt at the end of the finishing the program. The office sends out letters monthly regarding the balances owed by each student to remind them of their balances and of their payments’ expiration dates. Any active or inactive student, including re-entry must keep their account current. The institution at this time do not use collecting agency, because all effort is done in house.

Institutional Cancellation and Refund Policy

1. An applicant not accepted by PRAI shall be entitled to a refund of all monies paid, including the registration fee of \$25.00. All refunds due will be made within fifteen (15) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.
2. If PRAI cancels any program before it has begun, all monies paid will be refunded within fifteen (15) days of the determination, including the registration fee.
3. If an applicant accepted by the institution (PRAI) cancel prior to the start of schedule class or never attends class (no-show), PRAI shall refund to the student all the money he/she has paid, minus the registration fee of \$25.00. All refunds due will be made within fifteen (15) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.
4. Cancellation After the Start of Class (Student Trial Period): PRAI will consider a withdrawal as a cancellation or no show within the first week (5 days or 30 hours) of the program. If a student cancels his/her enrollment after the start of the training program, but before or on the fifth (5th) days or 30 schedule hours, consecutive scheduled class days (designated cancellation period), PRAI shall refund the student or the applicable funding source all the monies paid, minus the registration fee of \$25.00.
All refunds due will be made within fifteen (15) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

- 5. Withdrawal or Termination After the Start of Class and after the Cancellation Period:**
Cancellation by the student can be done through notification in person, by telephone, or by email, and/or mail. **Written notification is not required for purposes of Cancellation or Withdrawal from the Institution.**

Institutional Refund Policy:

Students who voluntarily decide not to continue their education at PRAI will be considered "withdraw" from school on their last day of attendance (LDA) or notification (DOD). The "Date of Determination" (DOD) will be the date the student gives written or verbal notice of withdrawal to the institution or the date the institution terminates the student, by applying the institution's attendance, conduct, or Satisfactory Academic Progress policy.

If a student is withdrawn or terminated by PRAI after the start of the training program, as a result of non-compliance with school's attendance, conduct, satisfactory academic progress policies, beyond the designated cancellation period but **before the completion of 60%** of their training period program, the student shall receive a Prorate refund calculated based on the number of hours completed to the total of hours to complete in the period of enrollment, plus \$100.00 withdraw fee.

$$\text{Prorate Example: } \frac{\text{Number of Hours student attended}}{\text{Number of hours Financially obligated}} = \frac{180 \text{ hours}}{450 \text{ hours}} = 40\%$$

If a student withdraws or is terminated from PRAI **after completion of more than 60%** of the training period completed program, PRAI is not required to refund any monies to the student and will charge the student the entire cost of the tuition period agreed upon in the enrollment agreement. **NO withdraw fee will be charged once the student completes 60% or more of the payment period.**

Any student that is terminated from PRAI will be notified by certified mail or hand delivered notification (signature required), or email, stating the reason for the expulsion and the effective date. A copy of the notification shall be retained in the student's file. PRAI shall send the refund of any monies within fifteen (15) calendar days from the:

(a) Date of cancellation by student of his/her enrollment; (b) Date of termination by PRAI of the enrollment of a student; (c) Last day of an authorized leave of absence if a student fails to return after the period of authorized absence or (d) Last day of attendance of a student, whichever is applicable.

Student attendance and absences will be recorded beginning the first day of instruction as set forth in the enrollment agreement through the student's last day of actual attendance.

The student must maintain an attendance of 80% or higher in each course (also referred to as “period”) to pass the course.

Students requiring make-up hours to pass a course, must do so prior to the end of the course in question. Students may be considered for re-enrollment only after being reviewed by the Program Academic Director or designee. Students who re-enroll will be required to use the current catalog's programs, tuition, and fees then in effect.

Institutional Refund Computation Example:

As an illustration assume a student enrolled for 900 hours of total training, are scheduled to start their training on February 3; and were scheduled for their programs training completion on October 18, 2023. However, the student does not finish their training and their last day of attendance (LDA) is March 12, 2023. The student's Date of Determination (DOD) based on the student's notification would be established as March 12, 2023. Assume further that the student's tuition is \$5020.00 for their training. Based on the above assumptions the refund calculation would be as follows:

For the Financial obligation, the student will be charged for one (1) period at a time. Number of hours student attended: $180H/450H=40\%$. Number of hours in period program 450 hours, Prorate portion completed based on 180hrs = 40% 40% of \$2,497.50 tuition = \$999.00.

Withdraw fee (when applicable) = \$100.00 Owed to institution = \$1099.00 Refund to student by March 27, 2023 (if applicable) = \$1398.50 (\$25.00 admission fee not refundable)

Refund Policy as required for Non-Title IV Institutions by the Municipality of Bayamón and the WIOA Program.

Calculation of a withdraw required to be use only for WIOA student.

Determines the number of hours in the payment period divided by the cost of the period and determines the cost per hours. Determines the last attended hours and multiplied by the hourly cost. If the payment received is greater than the earning must return the difference either by check or by discount (offset) in the next payments.

Example: Sponsor -WIOA

<i>Cost of the Period</i>	<i>#Hours in Period</i>	<i>Cost per hour</i>
\$2,497.50 - Paid (/) (\$25.00 nonrefundable)	450 Hours =	\$5.55
#Hours Attendance ----- 300 (x)	\$5.55 =	\$1,665.00
\$2,497.50 (-)	\$1,665.00 =	(832.50)TO BE RETURNED

POLICY FOR UNEARNED TUITION DUE TO WITHDRAWAL

The institution will use the policy to determine the amount of unearned tuition due to withdrawal:

- The refund calculation will be based on the student’s last day of attendance (LDA). After the designated cancelation period, during the second (2nd) week of class, tuition charges will not exceed 10 percent (10%) of the stated tuition up to a maximum of \$249.75. The institution will consider attendance hours when determining the number of hours attended or completed by the student.
- After the first week of class, the financial obligation of the term of study will be subjected to a prorated calculation from the first week until the sixty percent (60%) of the payment period.
- After sixty percent (60%) of the payment period of financial obligation is completed, the institution may retain the full tuition for that period. (100%)

NOTE: Went refer to day = 6 hours as schedule on the student program.

All refunds for concept of credit towards the student will be paid as follows:

- If the credit is created for any advance payments, a check will be issued under the student’s name within 15 calendar days starting from the date of determination.
- If the credit is created by other aids or, a check will be issued to the corresponding agency or the student’s name in 15 calendar days starting from the date of determination.
- The student will have 30 additional business days to claim the check in the Collections Office. If the student does not claim the check, it will be returned to the student by regular mail to the address on record.

Payment Plan

The total cost of studies and fees are to be paid in their entirety during enrollment and before the last day of classes. Students, who are unable to meet this requirement, can participate in the Institution's deferred payment plan. This is designed for students who can only make payment by means of this plan and for those who are awaiting an answer and receipt of aid packages provided by state or local agencies. It is each student's responsibility to stay up to date with his/her monthly payment plan.

Voluntary Withdrawals

A student can withdraw at any time and must receive the approval of: The Registrar Office, the Finance Office, Student Affairs Coordinator, and the instructors. He/she must turn in the withdrawal form in the Registrar's Office, where the withdrawal will be made official, and it will be kept in the student's academic file with a W (Withdrawal).

Administrative Withdrawals

Administrative withdrawal is an action taken by the Registrar Office to process a withdrawal to a student who does not comply with institutional rules, policies, procedures after all resources are used for the student to normalize his/her situation. Administrative withdrawals apply to the following cases:

Advisory and Interaction Committees

The Advisory Committees of PRAI are support teams composed of people who have the knowledge, competencies, and experience, which allow them to serve as liaisons between the school, Industry, and the community in general. The Advisory Committees' participation is of great importance in strengthening and enhancing technical education.

These committees advise the school regarding planning, development and review of the training courses offered to the staff, curricular review, and other educational programs, which can be implemented. The Advisory Committees of our Institution represent different community sectors, such as: the industry, leading businesses, and the banking sector.

The committees should identify job market trends and demands for human resources in technical and industrial education. In addition, they should provide the Institution with information regarding the standards established in the technical curriculum, as well as technological changes and needs existing in the labor field. They also advise the Institution regarding its curricula, teaching materials, tools, equipment, and establishment of skill-performance levels, competencies, goals, and objectives in the development of the short-term action plan. In addition, they participate in job opportunity searches for students who have graduated from the Institution; provide orientation to business owners regarding the technical courses offered and stimulate the teachers and students in developing occupational competencies, open house, and others. PRAI, advisory committee meets at least once a year. Members are selected depending on each program of study, employment agencies, education area and can be change every year.
